

Why Arizona Tea Parties are Supporting J.D. Hayworth for U.S. Senate

Talking points for Media Interviews, Letters to the Editors and online Blogging

A list of Media Outlets can be found at: http://arizonateaparty.com/media_watch.html

We believe that J.D. Hayworth is the only U.S. Senate candidate that we can trust to make the right decisions for Arizona.

He will work to cut wasteful spending and balance the budget without raising taxes.

John McCain has spent millions trying to tell people different. We cannot let him **BUY** this election.

The **problems** that we are facing right now have happened on **John McCain's watch**. It is "**time**" that we make a change.

5 Reasons Why We Support J.D. Hayworth

1. **Immigration Reform**— We believe that McCain will go back to his Maverick ways and support Comprehensive Immigration Reform that will include a form of Amnesty. He already co-authored the Comprehensive Immigration Reform Bill with Ted Kennedy that would have costed taxpayers billions.
2. **Taxes**—McCain opposed the Bush Tax Cuts, J.D. helped write them. McCain voted against repealing the Death Tax, J.D. supports the repeal.
3. **J.D. Is the True Conservative** - American Conservative Union Rankings while in office:
Hayworth:97.6% Lifetime Rating—McCain:81.9% Lifetime Rating (McCain's Rating in 2008 was 63%)
4. **Spending** - McCain voted for over a Trillion Dollars for Bailouts: \$700 Billion TARP, \$25 Billion Auto Bailout, \$300 Billion Mortgage Bailout and \$85 Billion AIG Bailout
5. **Cap & Trade** - McCain Co-Authored a Cap and Trade bill with Joe Lieberman that was described by the National Review as "the most onerous and intrusive attack on American industry—through reporting, regulating, and taxing authority of greenhouse gases—in American History." In December 2008, McCain said that climate change is real, and that it needed to be addressed. We can't trust him on future energy legislation votes.

Statistics

Responses to McCain's Double Talk on Earmarks

- None of the identified earmarks were earmarks J.D. requested; rather they were part of major appropriations bills, such as transportation bills that fund state highway improvement.
- McCain erroneously attributes \$70 billion in earmarks to J.D. over twelve years, when McCain hypocritically voted for earmarks totaling \$150 billion just in the Wall Street bailout package.

Responses to McCain's Double Talk on Grants

- J.D. regrets his involvement with National Grants Conferences; he was unaware of their record at the time the ad was shot. J.D. had to subsequently take legal action with a cease and desist complaint for misusing his image.
- Grant information is routinely offered on U.S. Senators' websites, including McCain's.
- Money from grants is never 'free', and J.D. never claimed it to be. Grants come from surrendered taxpayer dollars, otherwise spent by government bureaucrats.
- J.D. prefers taxpayers keep their money. He helped author the Bush tax cuts, which John McCain voted against.

Responses to McCain's Double Talk on Lobbying

- McCain's campaign manager and a top aide have been highly paid lobbyists for Freddie Mac, earning a combined \$1.3 million.
- Respecting the law, J.D. registered as a one-time lobbyist when helping a friend resolve a patent issue. He did so out of an abundance of caution and formally ended his registration as a lobbyist after this single project was completed.
- Meanwhile, McCain chooses to undercut laws by proposing amnesty for those who enter our country illegally
